

ABOUT THIS CLASS

This is a six module, 12-hour online professional development course designed to develop and refine the planning and execution skills of project managers, as well as emerging and senior construction industry leaders. After taking this course, and applying the strategies, techniques and tips presented, participants will be positioned to achieve even greater results in the areas of the business they lead.

THE SPEAKER

Randy Goruk Leaders' Edge 360

Over his 26-year career with Trus Joist Corporation (now a Weyerhaeuser business), Randy Goruk was part of a dynamic senior management team whose change initiatives increased annual revenues from \$60 million to \$1 billion. Planning and execution were integral to this success. Today, as a leadership development expert and employee engagement specialist, Randy draws from his experience of taking multimillion-dollar companies through tough times while delivering practical insight into today's business challenges and achieving higher levels of business growth. Randy has been presenting high value-added content for Associated Builder and Contractor members since 2011.

1:00 p.m. to 3:00 p.m. CDT |

2:00 p.m. to 4:00 p.m. EDT

This module is all about planning the short, mid, and long-term development of the people in your organization. We cover why succession planning, professional development plans and mentoring are important, and how to successfully create and implement each.

5. Personal Productivity Planning and Execution

Tuesday, Oct. 6, 2020

1:00 p.m. to 3:00 p.m. CDT |

2:00 p.m. to 4:00 p.m. EDT

No business can function without leadership. The quality of that leadership determines how successful the business will be. In this module we share strategies, techniques, and tips on improving the personal productivity of the leader. How exceptional leaders spend their time and how they stay out of the trap of never having enough time to provide the leadership necessary for organizational success.

6. The Leaders Plan for Managing Self for Team Success

Wednesday, Oct. 7, 2020

1:00 p.m. to 3:00 p.m. CDT |

2:00 p.m. to 4:00 p.m. EDT

A leader who does not do a good job of managing themselves typically do not do a good job of leading others. The leader's actions and behaviors are the beacon for effective plan execution. When the leader loses credibility, the team does not perform at the level it needs to for optimal success. This module concentrates on leadership credibility killers, how to avoid them and get the most out of the team.
